Thanks Running Grass.

Sheryl and Alanna,

We are interested in having EPA's support to conduct an EJ analysis of the Portland Harbor draft feasibility study, before the final plan is introduced to the public. This is after having viewed the Duwamish EJ analysis, and knowing that the Duwamish River Cleanup Coalition has been speaking with your office and the national EJ EPA folks on how to improve on this first effort.

I look forward to talking further about this.

Thank you,

Cassie L. Cohen
